Dave,

I have not been involved in the logistics. I do know rental cars are in high demand and at times cars have not been available at the airport. I assume this is more of a logistics issue than a cost issue. I support your needs being met so please work with Kristine to make sure you and Kristin have the support needed to be where you need to be.

Travel support for the Gold King Mine Spill (Kristine Portillos) tells me I am expected to share a rental car with Kristin Keteles.

Sharing a car with Kristin does not seem prudent to me, although it might work. I am concerned that I may have to go to Silverton, while Kristen may have external community obligations (local government, public meetings, etc.) away from the ICP. There is no doubt Kristin will be fully engaged with Environment Unit tasking while she is deployed.

Deb, what is your intention reference a rental car for my part of the Union travel?

Hi just sent you're itinerary for airline, and you and Kristen Keteles will be sharing a car. Her flights are the same as yours.

Thank you
